Etac Swift Toilet Seat Riser with Armrests

Flexible, sturdy, and easy to use

The Swift Freestanding is the perfect choice when you want a toilet seat riser that's quick and easy to use. Simply adjust it to your preferred height and place it over the toilet. It provides a seat height tailored to your needs and sturdy armrests that make getting in and out of the toilet easier. The Swift can also be used as a shower stool, as it's designed to withstand wet environments.

Stable yet lightweight

The stool is extremely stable thanks to its generous size and non-slip feet that provide excellent grip on wet or uneven surfaces. With a maximum user weight of 160 kg, it's well-suited for larger users, while its lightweight design makes it easy to move. The seat is height-adjustable from 42 to 57 cm and can be adjusted with a slight forward tilt, making it even easier to stand up and relieving pressure on your hip joints.
